Video: Calibration Training–The Real Purpose of Calibration

Brought To You by Mitutoyo | Jul 08, 2020

Video Highlights

In this second video of their Metrology Training Lab series, Mitutoyo continues calibration training by addressing the following questions:

1. What does calibration mean?
2. What is the real purpose of calibration?
3. What makes a bunch of measurements an official calibration?

Watch the video above to learn more about the real purpose of metrology calibration.
