VIDEO: Creating a Safer Workplace with 3M Personal Safety Division

Brought To You by 3M Personal Safety Division | Jan 22, 2021

Anthony Testa, Strategy Leader Category Management–Safety & MRO at MSC Industrial Supply, welcomes 3M Marketing Managers Monika Frendt and Diane Dyson as they highlight the hidden gems found in their broad product portfolio.

Hear why choosing the right floor marking tape has an effect on an employee’s adherence to safety protocol and how going overboard on extreme slip-resistant adhesives can be too much of a good thing on your factory floor.

Monika and Diane also discuss the benefits of 3M’s disinfectant line that are EPA approved on the emerging pathogen policy List N, including products that have had success killing viruses like COVID-19.

To learn more about how 3M can help you create a safer workplace, explore 3M Safety Products here.
