VIDEO: Guhring Micro Diver End Mills—60 Degree Ramping and High-Performance Milling

Brought To You by Guhring | Jun 01, 2021

Tiny but mighty—the new *Micro-Diver end mills* from Guhring deliver 60 degree ramping and high-performance milling at tool diameters at or below 1/8". These carbide micro mills offer extreme cutting values and very high cutting depths, and are available in diameters from 1/32" to 1/8" with inch and metric sizes.
