VIDEO: TOOLING UP – U.S. Manufacturing Response to the COVID-19 Pandemic

| Jul 15, 2021

Video Highlights

Tooling Up is a video series by MSC Industrial Supply Company that provides real-world insights brought to you by leading industry experts and aimed at improving the efficiency and productivity of your operations.

In this episode of MSC's Tooling Up, Jamie Goettler, Director of Metalworking Sales & Business Innovation, is joined by Dr. Thomas Kurfess, Chief Manufacturing Officer at Oak Ridge National Laboratory and Dr. Scott Smith, Group Leader for Intelligent Machine Tools at Oak Ridge National Laboratory in a real-time discussion about U.S. manufacturing response to the COVID-19 pandemic. They'll cover an array of important topics including:

- What did the pandemic prove to U.S. manufacturing?
- How did the U.S. respond?
- What learnings we can take from the pandemic to help U.S. manufacturing in the future?
