VIDEO: TOOLING UP – Versatility of Measuring Tools and Data Collection with Mitutoyo

Brought To You by Mitutoyo | Aug 03, 2021

Video Highlights

Tooling Up is a video series by MSC Industrial Supply Company that provides real-world insights brought to you by leading industry experts and aimed at improving the efficiency and productivity of your operations.

In this episode of MSC's Tooling Up, Eddie Saunders Jr., MSC Expert Host, is joined by Patrick Sullivan, Strategic Sales Representative, and Michal Grosenbach, Product Specialist at Mitutoyo, for a real-time discussion around the vast versatility of industrial measuring instruments, including what tools to use when, and how to capture and use the data in different scenarios.

They'll cover important topics including:

- Types and Applications of Various Hand Tools
- When and How to Use Linear Gauges and Sensors
- The Ins and Outs of Vision Systems

To explore all Mitutoyo products and solutions, visit [MSCDirect.com](https://www.mscdirect.com). Check out these Mitutoyo resources right here on Better MRO.
