

Skills Gap

VIDEO: TOOLING UP – Addressing The U.S. Manufacturing Skills Gap

| Aug 19, 2021

Video Highlights

Tooling Up is a video series by MSC Industrial Supply Company that provides real-world insights brought to you by leading industry experts and aimed at improving the efficiency and productivity of your operations.

Through Tooling Up, you'll gain access to our knowledgeable in-house specialists and experts from our most-trusted partners and suppliers, along with some exclusive innovative offerings from MSC. From metalworking and MRO supplies, services, and expertise to inventory management solutions, and to the safety and well-being of your team, we are dedicated to working side by side with you to make your operations better.

Explore more Tooling Up videos here.

In this episode of MSC's Tooling Up Jamie Goettler, Director of Metalworking Sales & Business Innovation, is joined by Dr. Thomas Kurfess, Chief Manufacturing Officer at Oak Ridge National Laboratory and Dr. Scott Smith, Group Leader for Intelligent Machine Tools at Oak Ridge National Laboratory in a real-time discussion about the ever growing U.S. manufacturing skills gap.

They'll cover an array of important topics including:

- Why the Skills Gap exists in U.S. Manufacturing
- Importance of upskilling the next generation and continuous learning for seasoned manufacturers
- Productivity as it relates to the Skills Gap

Hear more from Drs. Kurfess and Smith about U.S. manufacturing on *MSC's Better MRO knowledge hub*.
