VIDEO: TOOLING UP – Improving Shop Floor Visibility with Lenox Tools and Technology

Brought To You by Lenox Tools and Technology | Nov 03, 2021

Video Highlights

Tooling Up is a video series by MSC Industrial Supply Company that provides real-world insights brought to you by leading industry experts and aimed at improving the efficiency and productivity of your operations.

Through Tooling Up, you'll gain access to our knowledgeable in-house specialists and experts from our most-trusted partners and suppliers, along with some exclusive innovative offerings from MSC. From metalworking and MRO supplies, services, and expertise to inventory management solutions, and to the safety and well-being of your team, we are dedicated to working side by side with you to make your operations better.

Explore more Tooling Up videos here.

In this episode of MSC's Tooling Up Eddie Saunders Jr., MSC Expert Host, is joined by Alexis Fernandez, Total Solutions Expert at Lenox for a real-time discussion on how to use Lenox solutions, digital tools and technology to gain improved shop floor visibility and increased productivity.

They'll cover an array of important topics including how to identify and address these common issues:

- Unplanned and unseen downtime
- Operator error
- Blade failure
