VIDEO: TOOLING UP – Work Smarter, Not Harder with Ergonomic Solutions From VESTIL

Brought To You by VESTIL | Nov 05, 2021

Video Highlights

Tooling Up is a video series by MSC Industrial Supply Company that provides real-world insights brought to you by leading industry experts and aimed at improving the efficiency and productivity of your operations.

Through Tooling Up, you'll gain access to our knowledgeable in-house specialists and experts from our most-trusted partners and suppliers, along with some exclusive innovative offerings from MSC. From metalworking and MRO supplies, services, and expertise to inventory management solutions, and to the safety and well-being of your team, we are dedicated to working side by side with you to make your operations better.

Explore more Tooling Up videos here.

In this episode of MSC's Tooling Up Eddie Saunders Jr., MSC Expert Host, is joined by Ken Schneider, Senior Vice-President at VESTIL for a real-time discussion on how the use of ergonomic solutions in manufacturing can help employees work smarter, be more efficient, and avoid unnecessary injury.

They'll cover an array of important topics including:

- Ergonomics in manufacturing facilities
- The cost of ergonomic injuries
- How ergonomic product solutions can:
 - Increase efficiency
 - Reduce injury
 - Create a safe work environment
