VIDEO: United We Work: Kibbetech

Brought To You by Mechanix Wear | Jan 05, 2022

Ryan Kibbe's passion and love of fabrication began with a Chopper style motorcycle in a high-school fabrication class and has since evolved into a commitment to craftsmanship and building the highest quality off-road trucks and products on the market today. Located in Newbury Park, CA, Kibbetech specializes in off-road welding, CNC machining and CAD design, so if you have any high-end, off-road fabrication needs, look no further than Kibbetech and its team of highly skilled designers, engineers, and fabricators for the best products and expert craftsmanship.
