

Personal Protective Equipment

VIDEO: TOOLING UP – Finding The Right PPE with the DuPont SafeSPEC™ Online Selector Tool

Brought To You by DuPont | Mar 01, 2022

Video Highlights

Tooling Up is a video series by MSC Industrial Supply Company that provides real-world insights brought to you by leading industry experts and aimed at improving the efficiency and productivity of your operations.

Through Tooling Up, you'll gain access to our knowledgeable in-house specialists and experts from our most-trusted partners and suppliers, along with some exclusive innovative offerings from MSC. From metalworking and MRO supplies, services, and expertise to inventory management solutions, and to the safety and well-being of your team, we are dedicated to working side by side with you to make your operations better.

Explore more Tooling Up videos here.

In this episode of MSC's Tooling Up Eddie Saunders Jr., MSC Expert Host, is joined by Daniel Hammel, North America Marketing Lead for Tyvek® and Tychem® Protective Apparel at DuPont™ for a real-time discussion on how the DuPont SafeSPEC™ Online Selector Tool can help businesses and workers more efficiently identify the proper PPE for various needs, enabling increased worker safety.

They'll cover an array of important topics including:

- Lack of PPE awareness and/or preparedness
- Costs associated with being unprepared or utilizing incorrect PPE
- Rightsizing your PPE
- A live SafeSPEC™ Online Tool demo
