VIDEO: Introducing the RINGERS® R-840 Impact Glove

Brought To You by Ansell | Feb 01, 2023

Ansell's market leading comfort glove liners and RINGERS® unmatched impact protection merge to bring you the R-840. The glove features Ringers signature TPR design which provides low-profile ANSI level 1 protection against crush and pinch hazards, as well as Ansell's Ansell ZONZ™ Comfort Fit Technology which optimizes the knitting in the glove liner allowing it to stretch across high tension areas for added comfort. For workers performing tasks in fast moving environments or those working in tight spaces, Ansell will help keep employees safe with this new ultra-light glove with impact protection. *Learn more in the short video above.*
