

How-to

VIDEO: How To Maximize Machine Productivity

| Jan 25, 2023

Video Highlights

In this inaugural episode of MSC's How To, Jacob Sanchez is joined by Nate Schaub at Wagner Machine Company in Champaign, Illinois, where Nate shows him Wagner's tried and true methods of maximizing their machines' productivity.

Join Jacob as he gets down to the root of Wagner Machine Company's efficient machining operations. What does machine productivity mean to the everyday operator, and how can you as a machinist level up your own efficiency? Find out on this episode of How To.

For even more insights and expertise, check out MSC's Better MRO knowledge hub.

"How To" is a video content series from MSC Industrial Supply developed with the purpose of serving as a resource for all those who work in, support, and have a passion for the metalworking sector of the manufacturing industry.

Through How To, you'll gain hands-on, practical advice from industry experts currently working in the field. At MSC, we are dedicated to providing real-world practical advice to improve your day-to-day operations.

For more How To videos, check out our MSC How To playlist and subscribe to our YouTube channel.

And check out our other show, Tooling Up, on the MSC Tooling Up playlist.
