

How-to

VIDEO: How To Automate Multiple Ops

| Feb 02, 2023

Video Highlights

In this episode of MSC's How To, Jacob Sanchez is joined by Nate Schaub at Wagner Machine Company in Champaign, Illinois, where Nate lets us in on a few tips and tricks he uses to automate beyond his op ones.

Join Jacob as he debunks the myth that you can't automate past your op ones. On the shop floor efficiency is key, and Nate Schaub has learned a thing or two about maximizing multiple ops on all of his jobs. Learn real, applicable skills that will save time on every job that comes through the door by automating beyond your op ones.

For even more insights and expertise, check out MSC's Better MRO knowledge hub.

"How To" is a video content series from MSC Industrial Supply developed with the purpose of serving as a resource for all those who work in, support, and have a passion for the metalworking sector of the manufacturing industry.

Through How To, you'll gain hands-on, practical advice from industry experts currently working in the field. At MSC, we are dedicated to providing real-world practical advice to improve your day-to-day operations.
