VIDEO: Introducing Drill Fix PRO™ - Our Most Robust, Versatile & Economic Indexable Drilling Platform

Brought To You by Kennametal | Oct 02, 2023

Kennametal's Drill Fix™ PRO indexable drilling platform comes standard with a wiper included in every outboard insert. The platform's versatility is also elevated, with four cutting edges on its inboard and outboard inserts, resulting in an extended application range that makes Drill Fix PRO incredibly cost-effective. It also features larger coolant channels for higher-volume coolant flow. This innovative design element brings customers a strong, quiet drilling experience and a longer tool life. See it in action in the short video above (*music only, no transcript*).
