VIDEO: TOOLING UP – Milling Demystified

Brought To You by KYOCERA SGS Precision Tools | Jun 02, 2023

Video Highlights

In this episode of MSC's Tooling Up, Toni Neary is joined by R&D Applications Engineer Pete Rak of SGS for a discussion on SGS's tool clinics.

In this informative conversation, Pete and Toni discuss the training clinics offered by SGS, catering to individuals with varying levels of experience in the industry. Pete gets into the basics of milling, and explores the differences between high speed, high efficiency, and high feed milling technologies, highlighting how each approach can be beneficial in different situations. With their end-user focused approach to R&D, this conversation emphasizes the nuanced and personalized approach that SGS implements when developing their products and tool clinics for maximum customer satisfaction.
