VIDEO: TOOLING UP – American Metalworking Reengineered

Brought To You by Walter Tools | Sep 11, 2023

Video Highlights

In this episode of MSC's Tooling Up, Toni Neary is joined by Brian Baker, Product Manager at Walter Tools for a discussion on their line of American-made universal superalloy and aluminum alloy products.

Join Brian and Toni as they discuss the need and development of Walter Tools' new line of imperial system specific products, appropriately dubbed the acronym "USA", for Universal Superalloys, Aluminum Alloys. A Germany-based company, Walter Tools has set out to provide the same level of German metalworking quality and expertise to the United States' market. Take a deep dive to learn about some key tips and takeaways that will level up your metalworking capabilities.

This newest episode of "Tooling Up" offers viewers a look into the future of American metalworking, as powered by the bright minds at Walter Tools. If you're looking to stay ahead of the metalworking curve, this is an episode you surely don't want to miss.
