VIDEO: Sharper Than Ever: Norton RazorStar

Brought To You by Norton Abrasives | Sep 27, 2023

Take your right angle grinding performance to a whole new level with **Norton RazorStar™** fiber discs featuring 100% engineered shaped ceramic grain that will cut through metal at impressive speeds and increase productivity like no other ceramic discs in the market today.

- Norton RazorStar discs with engineered shaped ceramic grain are a breakthrough technology specifically designed to deliver unbeatable grinding performance.
- The unique combination of razor-sharp grain along with supersized grinding aid helps to significantly reduce heat generation for cooler cuts and longer life on all materials.
- Strong polyester backing stands up to even the most extreme pressure.
- Key applications include stock removal, deburring, beveling and blending.
