VIDEO: Tool Change Time Comparison Between Standard ER Collet vs. HAIMER Shrink Fit and Duo-Lock Collet

Brought To You by HAIMER | Dec 19, 2023

This video features fast and easy tool changes with HAIMER Shrink Fit and Duo-Lock Collets:

- 1) Shrinking process of Shrink Fit Collets with Power Clamp Sprint i4.0
- 2) Time comparison of tool changes with Standard ER Collets vs. HAIMER Shrink Fit and Duo-Lock Collets

HAIMER is the system provider for tool management around the machine tool. In addition to offering tool holders, shrink fit and balancing machines, 3D-Sensors, and solid carbide cutting tools, HAIMER now offers tool presetting machines.

By providing technologies for smart production, HAIMER puts machinists ahead of the curve by offering Industry 4.0 products now, not later. See how this innovation can work for you in the short video above (*music only, no transcript*).
