VIDEO: TechChat – Damaged Toolholders

Brought To You by REGO-FIX | Feb 13, 2024

When you look at your shop's tool room, how many holders are a little beat up? At what point should a toolholder be retired and replaced? In this TechChat, David covers the various ways a toolholder can be damaged and what it takes to refurbish that holder; or, in some cases, when it needs to go.
