VIDEO: Unleashing the Power of 3M Cubitron 3 Cloth Belt 1184F: Robot vs. Person Grinding Challenge!

Brought To You by 3M Abrasives | Mar 01, 2024

Get ready to witness the ultimate grinding showdown between person and machine, featuring the next-generation 3M™ Cubitron™ 3 Cloth Belt 1184F. In this short video, 3M puts their belt to the test, grinding down a three-pound solid steel hammer with both a skilled operator and a state-of-the-art robot. Discover how the re-engineered 3M Precision-Shaped Grain technology takes grinding speed and belt life to new heights. The unique triangular ceramic grain is designed to wear evenly, run cool, and stay sharp throughout the belt's lifespan. Witness how the 3M™ Cubitron™ 3 Cloth Belt 1184F cuts with less pressure, reducing the demands on operators and allowing them to work more efficiently. *Music only, no transcript.*
