

Personal Protective Equipment

VIDEO: Tyvek® Makes the Difference | Tyvek® Protective Apparel

Brought To You by DuPont | Mar 01, 2024

DuPont™ Tyvek® offers an ideal balance of protection, durability, and comfort. With protection built right into the fabric, it's a suitable garment for jobs requiring a barrier against hazardous dry particulates, aerosols and non-hazardous light liquid splash. There's a lot of white suits out there but only Tyvek® makes the difference.
