VIDEO: QUICK TIPS #13 – How to Check Caliper Jaws Quickly

Brought To You by Mitutoyo | Mar 15, 2024

In this episode of MSC's QUICK TIPS, we hear from Mitutoyo about how to check the accuracy of the measuring jaws on your *Mitutoyo calipers*. In a field like metrology where accuracy and precision is key, this simple quick tip can save you the headache of dealing with inaccurate data.

QUICK TIPS is a video series by MSC Industrial Supply Company where we invite industry pros to share their expertise with us. Through QUICK TIPS, you'll pick up bite-sized bits of information from our in-house specialists and experts from our most-trusted partners and suppliers in a way that fits your busy schedule.

For more QUICK TIPS, check out our MSC QUICK TIPS playlist. And subscribe to our channel so you won't miss new episodes.
