

Worker Safety

VIDEO: TOOLING UP: Safety Gloves Fit For the Job

Brought To You by SHOWA | Feb 07, 2025

Video Highlights

In this episode of MSC's Tooling Up, Toni Neary sits down with Brian Moseley, RAQA Technical Manager at SHOWA Group, to explore the latest advancements in anti-static glove technology. Brian shares his passion for workplace safety and how SHOWA's innovative gloves are designed to protect workers from static buildup, punctures, and chemical hazards.

The discussion highlights the AX200 and AP800 gloves, showcasing their exceptional comfort, touchscreen compatibility, and advanced grip technology. Brian explains how these gloves help prevent static discharge in flammable environments, ensuring safety in high-risk industries. He also reveals how SHOWA's meticulous manufacturing process results in clean, residue-free gloves, making them ideal for precision applications like electronics and automotive manufacturing.

Join Toni and Brian as they discuss the cutting-edge innovations behind SHOWA's anti-static gloves and how they're shaping the future of hand protection in industrial settings.
