Video: Titans of CNC Featuring Kennametal

| Jul 13, 2017

Kennametal and Titan Gilroy have partnered together to produce an episode on the Titans of CNC series, hosted on MAVTV. During this episode, you will get an inside look at the processes and technologies developed to produce metal-cutting tools and inserts.

Video Highlights

- Titans of CNC visits Kennametal in Latrobe, Pa.
- Viewers will have a behind the scenes look at the Research and Development that takes place in the facility.
- See how Kennametal's experienced Customer Service/Application Support team can be there to answer your questions.
