## **Video: Dial Test Indicators from Mitutoyo — Innovation Metrology Products**

Brought To You by Mitutoyo | May 21, 2018

Enhanced durability, sensitivity and readability for metrology applications.

### **Choice of dial position**

Four models are available, each with a different orientation of the dial to allow the best visibility in any situation:

- Horizontal (standard model): dial is on top of the frame
- Vertical: dial is on the end of the frame
- Horizontal (20° tilted face): dial is on top of the frame but tilted 20°
- Parallel: dial is on the side of the frame
