Video: Mitutoyo MeasurLink SPC Q&A - Working with Data Collection Systems

Brought To You by Mitutoyo | May 03, 2021

Video Highlights

In a MeasurLink Q&A session with Drew Klaber and Jeremy Banks of Mitutoyo America Corporation, they will discuss common questions they hear on DAQ sources.

- Learn how Mitutoyo **MeasurLink** works with DAQ sources.
- Use MeasurLink for data collection from USB wired and U-Wave wireless systems.
- Connect up to 1,600 metrology devices for SPC (statistical process control) using the U-Wave transmitter and receiver to PC software such as Microsoft excel.
