

Workplace Safety

Don't risk falling into fines...get the signs

Brought To You by NMC | Mar 06, 2019

Don't Risk Slipping Into Fines **GET THE SIGNS!**

Work Related Falls Account For
\$34 Billion/Year
in Medical Costs (CDC)

Common Causes of Slips & Trips

- ▶ Loose rugs or wrinkled carpeting
- ▶ Clutter on floors or stairs
- ▶ Unseen obstructions such as open cabinet drawers
- ▶ Loose cables, cords, or exposed wires
- ▶ Inappropriate footwear for the workplace
- ▶ Slippery surfaces (metal, tile, stone, concrete)
- ▶ Slippery conditions (ice, snow, oil, paint, water, powders)
- ▶ Unexpected steps or unseen platforms

Top 5 Ways to Reduce the Risk of Slips & Trips

- 1** Slow down and be aware of your surroundings
- 2** Keep areas free from clutter or obstructions
- 3** Wear appropriate footwear and PPE in the workplace
- 4** Keep flooring free from cracks and in good condition
- 5** Keep objects being carried below eye level
