

Workplace Safety

Create a Visual Workplace With 5S Plus Lean Manufacturing

Brought To You by Brady | Nov 17, 2020

Don't underestimate the importance of safety signage. In 2014 alone, there were over 33,000 violations reported in OSHA's Top 10 Most-Frequently Cited Standards. By using 5S Plus Lean Manufacturing to create a visual workplace, you can reduce waste, enhance knowledge and improve productivity. In this infographic from Brady, learn the steps you need to take to optimize your workplace.

Create a Visual Workplace with "5S Plus" Lean Manufacturing

What is Visual Workplace?

A lean concept that focuses on putting the right safety signs, procedures and facility identification where employees need them most.

It helps to:

<p>Reduce Waste</p> <p>Waste accounts for 95% of all costs in non-lean manufacturing environments.</p>	<p>Enhance Knowledge</p> <p>75% of knowledge is gained through visuals</p> <p>13% through hearing</p> <p>12% through smell, touch and taste</p>	<p>Improve Productivity</p> <p>Lean manufacturing practices can lead up to a 40% increase in productivity.</p>
--	---	--

Did you know? **78 MILLION** baby boomers are expected to retire over the next 10-15 years?

Visuals help less experienced employees quickly and effectively learn the job.

Knowledge-based visuals can include:

- Procedure labels
- Bilingual signs
- Pipe markers
- Safety signs
- Electrical disconnection labels
- More!

How Do You Create a Visual Workplace with "5S Plus"?

"5S PLUS" GOES BEYOND 5S TO EMPHASIZE SAFETY.

- 1. SORT - Discard unused items.**

Red labels help you determine what supplies you need.
- 2. SHINE - Clean the facility.**

Shadowboards help store cleaning equipment.
- 3. SET IN ORDER - Establish standards.**

Pipe markers instantly tell you what you need to know about pipe contents.
- 4. STANDARDIZE - Create best practices.**

Lean Daily Management boards help track metrics and drive improvements.
- 5. SUSTAIN - Maintain momentum.**

One-point labels help employees remember an essential task.
- 6. (PLUS) SAFETY - Resolve safety hazards.**

Safety signs communicate potential hazards and how to respond to them.

Don't underestimate the importance of safety signage.

Did you know? In 2014 alone, there were over **33,000 violations** reported in OSHA's top 10 Most-Frequently Cited Standards.

Proven 5S Lean Manufacturing Success

Problem	Solution	Result
<p>A 5S rapid improvement event helped a manufacturing company identify 45 WASTED MINUTES per shift searching for a tool.</p>	<p>1. Label tools according to work cell.</p> <p>2. Create a mobile cart with shadowboards to store tools.</p>	<p>• Improve productivity to add 1 MILLION PER DAY IN REVENUE</p> <p>• Average \$60,000 saved monthly in tools costs.</p>
